Delirium Awareness Carers Campaign 2023

The clock's ticking for you to recognise delirium and act fast....

Delirium is a preventable, treatable physical health condition which can cause mental health symptoms and can be easily confused with dementia.

Left untreated it can cause permanent life-changing damage and distress.

Join us on Zoom: Wednesday 12th July 2023 - 2pm to 3.30pm for delirium awareness training followed by a question-and-answer session with a panel of health and social care professionals

For more information and to book a place, please contact Emma Handley by phone, **07773 833 833** or email: Emma.Handley@derbyshirecarers.co.uk
